Professional Visitors' Days

Treloar School and College are known as a centres of excellence offering education, independence training, opportunities and residential support for young people with physical disabilities, aged 9 to 19+ – some of whom may also have sensory, communication or learning difficulties.

Our Professional Visitors' Days offer colleagues an opportunity to see our work at first hand and to discuss in more detail areas of common interest, including:

- Teaching, curriculum & examination and classroom support
- Residential support
- Physio, speech & language and occupational therapy
- Medical/nursing
- Assistive technology
- Counselling/emotional support.

The visit will be approximately from 10.00 - 3.00 pm and will include a tour of School or College. You will be given plenty of opportunity to talk with staff and students during the day and at lunch.

We also have significant experience in working with young people with degenerative conditions.

If you have any questions, or would like additional copies of this form, please contact us on **01420 547425** or at the address overleaf.
