Treloar's
Enabling Education

Treloar Trust is a charity that runs a School and College for young people with severe physical disabilities

"I want to thank you for believing in me.

Every time I look at my graduation photo I will remember my years at Treloar's."

Founded in 1908, for over 100 years, Treloar's has been enabling disabled youngsters to maximise their potential and achieve the best they can in all areas of their life.

All youngsters at Treloar's have profound physical disabilities. These are often combined with sensory impairments and learning difficulties;

95% of our students are wheelchair users.

40% have no communicable speech.

We cater for over 40 disabilities at Treloar's. Some disorders result in gradual physical deterioration. Others require major surgery to maintain life or mobility. This may need to be repeated many times. Some of the young people will end their days with us.

The challenges facing all young people are considerable; maybe more so if the individual is disabled. At Treloar School and College we provide a unique combination of outstanding teaching, therapy, residential care, independent living, medical support, outside activities, friendship and fun!
