

Meet the Fundraising Team...

Jon Colville -Director of Fundraising

jon.colville@treloar.org.uk

"I started at Treloar's in 2002 as Community Development Manager and became Director of Fundraising in 2011.

I love a bustling busy office and doing difficult things with nice people. I am passionate about the work Treloar's does and am very proud of what the Fundraising Team achieves.

We fundraise for items not covered by state or local authority funding, the equipment, services or care are usually life-changing for the recipient and their families. I like a laugh and bad jokes and use humour to de stress."

Sarah Adwick—Development Manager

"I am responsible for managing the relationships of our generous philanthropists who have the capacity to give major gifts to Treloar's.

Transformational gifts of this kind have the extraordinary ability to significantly benefit and change the lives of our students. It is a privilege to welcome our major donors to Treloar's, show them around and discuss with them how they can invest in our future."

I enjoy meeting lots of you at various events and when you come to visit us here at Holybourne."

“My responsibilities include helping to maximise income from grant-making charitable trusts and London Livery Companies. The Trust and Livery team income target each year is around £0.5m. Building relationships with trusts and Liveries is a main priority.

Gathering information from across Treloar’s, preparing proposals, giving presentations and reporting on donations are crucial. Research, administration and writing take up much of each day.

Arranging for donors to meet students and see round Treloar’s is hugely helpful and Supporters’ Days through the year are a powerful way of influencing donors.”
