E Safety and Use of Technology

Workshop 1: Short workshop on Apple accessibility and parental controls. This will be a short overview of the most useful accessibility features

Apple devices come with powerful accessibility features that help you do more. This short workshop will give you an overview of the most commonly used features, how to access and set them up for your son/daughter.

This will be followed by a short demonstration on how to set up parental controls on the iPad, to include:

- Disabling features such as iMessage and inapp purchases
- Blocking inappropriate content
- Using screen time to gain insight into the time spent on the iPad
- Setting time limits for apps
- Getting a report of your device use

Workshop 2 : eSafety workshop providing information on

- General Internet safety
- Social Networking, including – Facebook, Instagram and Snapchat
- Cyberbullying
- Gaming
- Treloar Policy

Parent Webinar Life after Treloar's and Transition Planning

The Transition Team will be hosting a webinar for current parents. There will be former students and their parents involved in the delivery of this. They will share their experiences of transition, including barriers they had to overcome through this process. The aim is to provide useful information and discuss important things to consider, which will enable current parents to be better prepared to support their young people beyond Treloar's. There will also be an opportunity to ask questions.
