

### Progression Example

Debbie started as a Kitchen Assistant in 2002. Three years later, she undertook her Level 2 Cookery qualification supported by Treloar's and when a vacancy arose a year later she was promoted to Chef.

When the 2nd Chef position arose several years later Debbie acted-up to the role temporarily but did such a good job she stayed in the position permanently. Debbie continued to work to a high standard and in 2010 when the Head Chef vacancy came up, she was able to demonstrate how she could fulfil this role successfully.

Since then, Debbie has taken the kitchen team from strength-to-strength, consistently achieving 5\* food hygiene ratings and advising other organisations on texture-modified food for clients with dysphasia.

“I have been promoted 3 times and have been given the training and guidance which allowed me to make great progress”
