

The Death of Queen Elizabeth

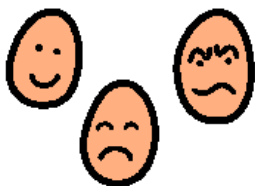

On Thursday 8th September Queen Elizabeth died.

Queen Elizabeth lived for a very long time and was the longest serving **monarch** in British history. She was queen for 70 years.

We celebrated her Jubilee this year.

A Monarch is the Head of our country and can be a King or a Queen.

Lots of people in the country and worldwide are feeling sad about Queen Elizabeth's death.

Some people are not feeling sad.

Whatever I think or feel is okay. I can talk to people who I trust about how I am feeling.

For the next 10 days people will be in **mourning**.

Mourning is when someone shows sorrow and sadness when someone has died. Some people wear black clothes.

The queen's funeral will be in Westminster Abbey. We will find out when it will be soon.

Today Prince Charles will become our King.
